About United Cerebral Palsy of Nevada

United Cerebral Palsy (UCP) educates, advocates and provides support services to ensure a life without limits for people with a spectrum of disabilities. Together with nearly 100 affiliates, UCP has a mission to advance the independence, productivity and full citizenship of people with disabilities—one person at a time, one family at a time.

United Cerebral Palsy works to enact real change—to revolutionize care, raise standards of living and create opportunities. For more than 60 years, UCP has worked to ensure the inclusion of individuals with disabilities in every facet of society. Together with parents and caregivers, UCP will continue to push for the social, legal and technological changes that increase accessibility and independence, allowing people to dream their own dreams, for the next 60 years, and beyond.

For people with disabilities:

- The civil rights movement is not over.
- Life should be without limits.
- UCP is committed to innovative solutions today.

On The Job Training

The support you need to meet your personal goals.
Individual Choices, Individual Goals

United Cerebral Palsy vocational training services are focused on your needs. Whether you work as part of an existing team, or in a specially designed program, training is designed to help you meet your personal goals.

Training goals are never sacrificed to meet production quotas. We focus on the whole person. We realize that our success in life is critical to our success on the job.

We realize that any past “failures” are usually only steps on the path to accomplishing our individual objectives.

We pledge to each of our team members to foster an environment that supports equality, dignity and independence.

Retail Opportunities

Some of our most popular jobs are at United Cerebral Palsy Thrift Stores in Reno and Elko. Learn to process donations, hang clothes, and stock shelves. Some of our employees work on specific displays, such as books or music, or do janitorial work. Check out our new Thrift Store in Sparks.

Processing Center

Our processing center in South Reno offers a specialized environment to learn vocational skills and life skills. Some participants work part days in other locations throughout the community.

Life Enrichment

In many situations, United Cerebral Palsy Team Members participate in services that combine vocational training and life enrichment programs. The life enrichment program may include community based recreational and social opportunities, vocational exploration, educational programs, cooking classes, gardening, acting, fitness activities such as swimming, and accessing the Internet in our computer labs. We network with community partners to provide a variety of experiences that shape individual goals.

Volunteer Activities

Not quite ready to go to work? Some participants prefer to do volunteer activities, such as working with animals, etc. You won’t earn a paycheck by volunteering, but you will learn new skills and meet new people.

Community Contracts

Work with a small team and an United Cerebral Palsy Leader in a community setting. Some contracts are full days and others are part days. Some team members work on multiple contracts during the week.

More Information

In the Reno area, call Jim Kilgore at 322-6555.

In Elko, call Colleen Deming at 753-9612.
